OFFICIAL PAPER OF THE CITY

From the limited canvas of opinion which the Sentinel has been able to make it would seem to be the desire of the majority of voters for Tropico to be left undisturbed. They explain that if they vote to annex to Los Angeles it will be solely to escape further annexation campaigns and put an end to local controversies. These voters hold the balance of power; they are strong enough numerically to defeat any annexation proposition. Is it wise or courageous of them to weakly surrender and vote against their inclinations and convictions merely for the purpose of defeating one local faction? Certainly before taking a step which will be irretrievable they should carefully estimate the possible effect on the business districts of Tropico and on the school privileges of Tropico. Damage to either will discourage new settlers and thus retard the growth of our city not to mention the injury to real estate values.

Mothers' Congress

A good attendance at the meeting of the executive board of the California Congress of Mothers and Parent Teacher Associations held last week in Los Angeles is reported. Dr. Jessie Russell, presided. A recording secretary was elected and committee chairmen were announced by the president. Miss Cora Hickman of Tropico was made chairman of publicity.

There is more at... in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrah to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrah Cure, manufactured by F. J. "Your Flag and My Flag"*

A health to the fighting man! The man with a red glint in his eye—
A glint that glows to a tender gleam for the old flag in the sky.
To the man who dares—and the man who cares for the good old
U. S. A.

Who bears the brunt in the battle front and hurries to the fray.
A health to him—our soldier grim—with his faith that makes his
might;
Who tunes his life to the shrilling fife and knows the way to fight!

A health to the fighting man! The man all innocent of sham,
Who pays the due of a loyal heart at the shrine of Uncle Sam;
Who bears our load on the weary road that leads to a distant peace;
And asks no halt till he finds the fault, and the roars of cannon cease;
May the throb and thrum of the rolling drum be promise to his ears
Of the joyous day when he'll come away to hear a nation's cheers.

A health to the fighting man! The man with impulse clean and clear
To hold him right as a gallant knight without reproach or fear;
When the bugle sings and the bullet rings and the saber flashes
bright,

May he feel the aid of the prayers prayed to guard him in the fight;
May good luck ride on either side and save him for the grasp
Of the friendly hand in his native land that's yearning for the clasp.

THE CRUX OF ANNEXATION

The editor of the Tropico Sentinel has had another interview with County Superintendent of Schools, Mark Keppel, and also an interview with a member of the County Counsel's staff. From both of these interviews the editor retired more than ever convinced that the High School problem is the crux of the question whether or not it is wise for Tropico to annex to Los Angeles.

Mr. Keppel admitted he had been approached by a Tropicán seeking an interpretation of his statement in a previous interview published in the Sentinel that, in the event of a consolidation of Tropico and Los Angeles, any arrangement between the School Board of Los Angeles and the High School Board of Glendale, whether made by the Boards or by Mr. Keppel as referee, would be based on tuition. "I told this inquirer," said Mr. Keppel, "that your article did not state and I did not say that tuition would have to be paid by the parents."

"But that was the natural inference" the editor protested. "Perhaps," he admitted. "While it is probable it would be arranged by transfer of state and county funds; I am not yet ready to say the parents will not have it to pay.

Mr. Keppel then briefly reviewed a law which has just gone into effect which permits a district to make a claim prior to June 1st for the moneys apportioned for the education of the children resident in that district whether they have attended schools there or in an outside district. Under the law governing heretofore, the moneys have followed the pupils, and apportionments have been based on attendance regardless of the place of residence of pupils. This has led to exchanges in contiguous territory and an equitable adjustment of differences by the transfer of funds.

The situation is now quite different. Glendale would hardly consent to receive Tropico pupils after the annexation of this municipality to Los Angeles without positive guarantees that Los Angeles would not claim the money to which Glendale would be entitled for educating them. In case the Glendale and Los Angeles Boards failed to agree, the matter would be put up to

the County Superintendent whom the law has empowered to name the conditions under which the transfer of pupils to outside districts could be made. Tropico would be perfectly helpless in the matter and would be dependent, in the last analysis, upon the County Superintendent for securing any privileges in connection with Glendale High. She would not even be entitled to a place in any conference upon the question. Her only absolute right, as far as high school privileges are concerned, would be the right to send her pupils to a Los Angeles high school.

The Sentinel does not assume for an instant that Los Angeles would be arbitrary, or that the County Superintendent would not strive to do the fair thing by all parties concerned; but if Tropico by joining Los Angeles in effect repudiates her bonded indebtedness in connection with Union High and leaves Glendale to carry the load alone, what reason will she have to expect Glendale to make generous concessions to accommodate Tropico pupils? As before remarked, Tropico will be between His Satanic Majesty and the

deep blue sea--be helpless to dictate where her children shall go.

MAKING GOOD

Evidence that the railroads are making good in the test imposed upon them by the Government's mobilization plans has been offered by William Sproule, chairman of the Western Department of the Railroads War Board.

Within thirty days from the date that the Government placed its first order for cantonment materials the railroads have delivered, according to Sproule, more than 12,000 carloads of lumber and other building supplies to the 16 cantonments that are to house the first division of draft men called to the colors. Additional trains loaded to capacity with all material needed to construct cities capable of housing 40,000 inhabitants are arriving daily. It is estimated that 104,000 cars will be required to haul supplies to the 16 army cantonments and 16 National Guard Camps.

**MEN CALLED INTO SERVICE
FROM 7TH EXEMPTION DIS-
TRICT OF L. A. COUNTY**

Below we publish the names of men who have been selected from the 7th Exemption District of Los Angeles county to serve their country. These twenty-nine men are the ones of the 250 men called in the first draft in this district who passed the physical examination and did not ask for exemption. The draft quota for the 7th district is 125 men, so that means that 96 men must be selected yet to make up the required quota. Of course there may be a few whose exemptions the board will overrule and thus the number selected from the first draft may be increased somewhat.

The board has issued another call for 270 men. The list is published elsewhere in this issue

**McKITTRICK - McCUNE WED-
DING**

Saturday, August 18th, at high noon, or rather at one o'clock, Mrs. Ida E. McKittrick will be united in marriage to Mr. William H. McCune. The wedding will take place at the home of Mrs. McKittrick and her daughter, Mrs. Pearl Keller, corner Brand and Laurel avenues, and will be a quiet affair, attended only by the immediate relatives and a few friends. During the afternoon an informal reception will be held when Mrs. McKittrick's many friends will be given an opportunity to congratulate her and to meet Mr. McCune, who came originally from Boston, but who, like Mrs. McKittrick, has been a resident of Southern California for several years. Under the business name of M. and M. Oil Co., he is engaged in the manufacture of oils according to formulas which he has invented.

On account of the pressure of business, their immediate honeymoon will be enjoyed in brief auto trips in Southern California. Later they will go east for an extended tour.

Mrs. Laura Lockhart, sister of Mrs. McKittrick, and her daughter, Ora Lockhart, arrived from Seattle, Tuesday, on the President, to attend the wedding and enjoy a prenuptial visit. It is quite possible that Mrs. Lockhart and her daughter may settle in Tropico. Miss Lockhart is a professional whistler of considerable reputation.

School Trustees of the Tropico District met Monday evening at the Cerritos School house, at which time the resignation of Mr. Robert Kennedy, principal of the school last year was accepted. The Principal for the coming year has not been elected.

The budget for the coming year on a basis of \$12.50 per pupil was made by Trustees Carmack and Hibben the first of August and is now in the hands of the County Supervisors.

Mrs. Beulah Blake who has been visiting friends in this city for several weeks, returned Friday to Taft, whether she has shipped her household goods in the expectation of making her permanent home there.

Mrs. Pearl Keller has returned from an outing at Camp Baldy which she found quite ideal as a beauty spot in which to rest. She is planning to reorganize her work on somewhat different lines which will be announced later.

John Dewar Gone to War

Mr. John Dewar, who has been assisting Mrs. Pesrl Keller as a dancing partner went into camp ten days ago in the Coast Artillery. Mrs. Keller will miss him greatly.

Birthday Picnic

In celebration of the birthday of Miss Phoebe Adams of 324 North Glendale avenue, a group of girls of the Presbyterian Church took a hike to Tropic Hill Tuesday evening and enjoyed picnic supper at which a birthday cake illuminated with candles had a place of honor. They came down at an early hour and spent the balance of the evening at the Snell home on Laurel avenue.

Tropico President Honored

At the solicitation of Mrs. W. A. Galentine, President of First District California Congress of Mothers, Mrs. Ella Richardson, president of the Cerritos P. T. A. of Tropico, has consented to accept a place on the District Board.

About twenty-two members of the Presbyterian Ladies Aid Society and their children enjoyed the picnic at Point Firmin last week.

Meetings Abandoned

From Mrs. Hattie Tiffany the Sentinel learns that the Kensington Club has decided to omit its August and September meetings; also that the N. P. Bank Post and W.R.C. meeting will be dispensed with.

DEATH OF CATHERINE STINE

Funeral services were held Tuesday afternoon at 2:30 o'clock over the remains of Mrs. Catherine Stine, wife of George F. Stine of 333 East Acacia ave., who passed away last Sunday morning after two years of ill health. Had she lived until December 18th, she would have celebrated her 66th birthday. She was born in Baltimore, Md., and was the oldest of nine children, all of whom are living. Her early life was spent in Dayton, Ohio, from whence she moved to St. Louis, Mo. For the past twelve years she and her husband have been residents of the San Fernando Valley. FIRST NATIONAL MOVED

The First National Bank of Tropico moved to its handsome new quarters on Cypress and Brand Boulevard last Saturday, and it has since been busy exhibiting them to admiring patrons. Early next month it will have a reception after banking hours, when the public will be invited to inspect the institution in detail.

Its banking room has been decorated in tan and olive green color combination

and the woodwork is all of mahogany finish, which makes a rich interior. A separate vault and cage are provided for deposit boxes, and there are extra vaults for files and records in the basement. In front at the right hand is the President's private room and at the rear the Directors' room. It is very attractive both exterior and interior.

A GENERAL ARGUMENT

Miss Editor:-

Again as to the question of annexation, the opponents should confront the annexationists with sounder reasons than we think they have presented. As to the aqueduct water, it seems to be wet, it has caused "two blades of grass to grow where one grew before," the people use it externally and internally, we hear of no bad effects thereby; it is a wonder how Los Angeles has ever grown to be the city it has without the accession of the surrounding towns; the inhabitants thereof are of usual intelligent people of other communities, and hence it is not seen how the schools of this place will deteriorate by reasons of the mingling of educational conditions. Other prosperous communities have persistently sought to become part of Los Angeles. Note Lankershim, Van Nuys, Hollywood and Santa Monica, the latter large enough and far enough away to stand alone, are endeavoring to be annexed to Los Angeles and stand all the ruin that the latter may inflict on them.

One of the noticeable features which it is thought militates against this place is the municipal "slacker" who, becoming identified with one section of the town, where they are supported loyally

and faithfully by their patrons, remove themselves from such location toward a community who are antagonistic to the interest of this city.

It might be that it would conciliate anti-annexation by changing the propaganda and having it appear that Los Angeles be annexed to this city.

Significant Facts

A review of twenty years trial of the so-called Torrens system of registering land titles reveals much of interest to land owners and the investing public. Twelve states have tried the Torrens system, some of them for twenty years.

In one state of over 100 counties where for over 19 years each county has had the option of adopting the Torrens law system, no county save one, has yet made any move to adopt it.

In one state its adoption was submitted to a popular vote and was defeated.

In another state the law went into effect July 1st, 1914, compelling the registration of estates. In February 1915, the legislature unanimously enacted an emergency act repealing the compulsory feature and permitting the withdrawal of lands already registered.

PROCEEDINGS OF BOARD OF TRUSTEES

But three members were present at the regular meeting Tuesday evening, viz.: Trustees Peters, Seal and Henry. Also present were City Clerk Van Wie, City Marshal Gould and City Attorney Shaw.

Assesed Values

The first communication read by the City Clerk was from County Auditor Lewis giving assessed valuations of the municipality for 1917-18 which was referred to the Finance Committee for use in making up the budget. The total assessed value as given by Auditor Lewis is \$1,624,542.

Railway Crossing

A communication from the Operating Superintendent of the S. P. Railway in regard to the blocking of the Brand Boulevard crossing by freight trains stated that conductors had been ordered to cut trains too long to clear the crossing and that no further annoyance would be experienced.

City Hall Insurance

Mr. Hal Davenport, who was present, reported that two policies of insurance on the City Hall of \$2500 each, one held by himself, the other by Mr. Black, were about to expire. On motion of Trustee Henry the agents were authorized to renew the policies at an 80c rate.

Reports

The City Clerk read the report of the License Collector for July showing total collections of \$80.50; also of City Recorder showing fines collected, \$10. Reports were accepted and ordered filed.

Curfew Ordinance

The new curfew ordinance prepared by Attorney Shaw, under which the old ordinance is repealed, was given its first reading. It fixes the curfew hour at 9 o'clock and forbids young people under that age to be on the streets after that hour unless accompanied by parent or guardian, making provision for juveniles whose employments required them to be out after nine. Parents are made responsible and subject to fines, etc., for violations.

Librarian's Report

The annual report of the City Librarian which showed highly satisfactory growth of the library and increase of patronage and usefulness, was read by the City Clerk. The Librarian called attention to the needs of the library and asked that the tax levy for its support be placed at one mill on the dollar, which is the customary rate in small cities. The circulation of books has increased to something over 25,000 of which about 18,000 were adult fiction. The report was referred to the Finance Committee together with the statement of the City Treasurer that a 12½c tax would be needed to cover bond interest and retirements. In this connection the City Attorney was requested to prepare ordinances fixing the assessed value and the tax rate for municipal purposes.

Change of Recorder

Trustee Seal complained of the laxness of officials in enforcing the traffic ordinances relative to speeding. Marshal Gould excused himself on the ground that when he made arrests offenders were released by the Recorder without fines being exacted. Some discussion followed in which trustees agreed that the Recorder is inclined to be too lenient, and on motion of Trustee Henry, seconded by Seal, the office of Recorder was declared vacant. After some further discussion, on motion of Henry, seconded by Seal, Arthur J. Van Wie was made City Recorder.

Demands

The following demands were approved and ordered paid: Tropico Feed & Fuel Co., \$7.40; Western Auto Electric, \$2.00; P. H. Quinn, \$65.00; New Method Laundry, \$2.43; Tropico Sentinel (printing polling place notices) \$13; Neuner Company \$11.75; M. A. Griswold, electrical material and labor \$25.25.

Trustee Peters presented the request of Herman Paine for permission to erect a tent covering over machinery pending the building of a cement foundation for same, which request was granted.

The board then adjourned to meet as a committee of the whole next Friday evening for the consideration of the City budget.
